### DISCUSSION:

- All jurisdictions in the Fort Meade Region are stakeholders in this growth process:** Lately, I have heard some of our BRAC constituents refer to Fort Meade growth as just an Anne Arundel County/Howard County issue. This is simply not the case from a number of different perspectives. Please check out the chart below. It shows the percentage of the Fort Meade workforce (40,000) that lives in each county. We are all in this together!
- Fort Meade Alliance/DISA Relocation Fair, 10 June:** As you are aware, this is the first real attempt to match up the needs and interests of a BRAC organization and its families with the capabilities of our Fort Meade Region. We know there is intense interest from the business community in this event. As soon as we get all of the details, we will fire them out to you!
